TOWN WARRANT

STATE OF NEW HAMPSHIRE

[L. S.]

To the Inhabitants of the Town of Fremont in the County of Rockingham, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Fremont on Tuesday, the tenth day of March next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary for the following purposes and make appropriation of the same; to defray town charges, for the support of town poor, for repairs to highways and bridges, for street lighting, for care of cemeteries, for the public library and for Memorial Day.

3. To raise and appropriate such sums of money as may be necessary to secure State Aid for the construction of permanent improved highways.

4. To raise and appropriate such sums of money as may be necessary to secure State Aid for the maintenance of Trunk Line and State Aid highways.

5. To see what action the town will take in regard to repairing or rebuilding "Woodman's Causeway", so called, and raise and appropriate any money necessary for same.

6. To receive report upon progress of Town Map and take any action deemed necessary upon same.

7. To transact any other business that may legally come before the meeting.

Given under our hands and seal, this twenty-third day of February, in the year of our Lord nineteen hundred and thirty-one.

LYMAN S. HOOKE,
GEORGE A. BASSETT,
STEPHEN A. FROST,

Selectmen of Fremont.

A true copy of Warrant—Attest:

LYMAN S. HOOKE,
GEORGE A. BASSETT,
STEPHEN A. FROST,

Selectmen of Fremont.

WHITE PINE BLISTER RUST CONTROL

Crew wages	\$47.04
Expenses	3.75
<hr/>	
Total expended	\$50.79
Less state aid	10.16
<hr/>	
Received from Town	\$40.63
Currant and gooseberry bushes destroyed	1,969
Pine infections located by crew	199
Area covered, acres	870
Average cost per acre	\$0.06

JOHN H. FOSTER,

State Forester.

Although there was no special appropriation for this year's work owing to the lateness of the State Forestry Department's request a sentiment of the town meeting of March last was taken and showed very strongly that the wish of the town was to complete this work. The town now is free from infection as we are assured by the State Forestry Department as this work in 1930 completes the second time over the town since the work was first started about eleven years ago. Fremont was one of the pioneer towns in this work. Following is a portion of the State Forester's report to the town:

"As is shown by the financial section, the State increased town appropriations 25%. Supervision of the crew, which includes the time necessary in determining control areas, locating boarding places for the crew, inspection of crew work, and many other details which arise in connection with control measures was handled by the District Blister Rust Agent. As this individual is an employe of the U. S. Department of Agriculture, no charge for his services was made against either the town or state monies available for control

work. Thus, the town and state appropriations were used solely in the location and destruction of currant and gooseberry bushes, the plants which spread this disease from infected to healthy white pines. Since in work of this nature it is practically impossible to cover all of the many details, the Forestry Department regrets that there were so few of the townspeople that came out to view the work of the eradication crew. Such a personal contact with Blister Rust Control measures would, we feel, be of interest and also instructive to local pine owners."

SCHOOL WARRANT

STATE OF NEW HAMPSHIRE

*To the inhabitants of the School District of Fremont, qualified
to vote in district affairs:*

You are hereby notified to meet at Town Hall in said district on March 14, 1931, at 7:30 o'clock in the evening, to act upon the following subjects:

1—To choose a moderator for the ensuing year.

2—To choose a clerk for the ensuing year.

3—To choose a treasurer for the ensuing year.

4—To choose a member of the school board for the ensuing three years.

5—To fill any other vacancies on the school board.

6—To hear reports of agents, auditors, committees, or other officers chosen, and pass any vote relating thereto.

7—To see what alterations, if any, the district will vote in the school board report of money needed for educational purposes during the ensuing fiscal year, and see if the district will vote to raise the amounts as then called for therein.

8—To choose agents, auditors, and committees in relation to any subject embraced in the warrant.

Given under our hands, this 23rd day of January, 1931.

EFFIE L. HOOKE,
BERTHA H. STEVENSON,
NORMAN S. McINTOSH,

School Board of Fremont.

July 8, 1930.

AUDITOR'S CERTIFICATE

This is to certify that I have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Fremont, of which the above is a true summary for the fiscal year ending June 30, 1930, and find them correct in all respects.

FLORENCE A. GEORGE,

Auditor.

July 14, 1930.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Fremont:

I am herewith privileged to present my fourth annual report as superintendent of schools.

YOUR SCHOOLS

The mass of your citizens want good schools. They want every child in your town to have an equal chance with every other child of New Hampshire and other states. Good schools and fair chance are inseparable. As parents you wish adequate schooling for your children, because of the fact that if you have been educated you appreciate its value, and if you have not, you are conscious of its loss. Your desire is that the children shall have sufficient training to meet future requirements.

But what of these requirements. It is difficult to foresee what they may be. Because of rapidly changing standards, people are confronted with situations they could not have foreseen a decade ago. In farming, in industry and in business as well as in the profession of teaching, we find more exacting demands. It is reasonable to predict that requirements in all such lines will continue to be raised. Such is progress.

These changing situations have taxed and challenged the ingenuity of the schools. They have given an accounting. They have demonstrated the wisdom of the investment. If the schools were faced with the task of educating for today alone it would be a sufficiently difficult undertaking. They have the added responsibility of educating for tomorrow.

It is gratifying to state that you have provided, will continue to provide schools adequate to meet the demands. The youth are your greatest assets. You should weigh carefully each problem in the light of the changed situation and determine the really economic procedure to adopt. We hear many times in the course of the year, "Every advantage is none too good for the children".

THE NEW PROGRAM OF STUDIES

To meet the progress in education and life, considerable time has been expended by a large group of prominent educational leaders to revise the program for New Hampshire's schools. The product of their labors is now available and in use. In the main it is fundamentally much of the former program. The new has revised and expanded the old to provide more and better helps for teachers in carrying out their work. Furthermore, it has been framed to more adequately meet the needs of New Hampshire's children in the light of present day conditions. The program itself is but a shell. The expansion of it in the teaching process is the essential item. Through its use we are of the earnest opinion that the children will be benefitted and a nearer approach made to the millennium—Perfect education. Never do we believe this goal can be reached but our goal must be high lest we reach under too low a standard.

SCHOOL COSTS

Good schools involve costs. Some say we cannot afford them. Is this true?

We have in mind a man, the head of a family. He has annual bills of \$500 for automobile depreciation, operation and repairs, and \$220 for luxuries such as candy, ice cream, theatres and tobacco, etc. This man you will agree, was pretty well off.

How much should he be willing to pay for the schooling of his children? If he expended \$90 a year for this purpose

would he be giving education too high a place in his scale of values?

Answer these questions as you will. The man described above is really the state of New Hampshire. If you will take the preceding figures and add five zeros to them you will have what New Hampshire pays for three items of expenditures:

Passenger automobiles	\$50,000,000
Certain luxuries	22,000,000
Public education	9,000,000

It is true that many families are not as well off as the one described above. Not all families are able to spend \$500 for automobiles or \$220 for luxuries. But neither do most families pay nearly as much as \$90 a year for the schooling of their children. Speaking in averages, if a family spends less for the first two items, it spends proportionately less for education. It is the proportion which counts, not the actual amounts spent.

Assume any kind of a family you wish. Take the figures given above and make your own divisions. You will find out that on the averages, every time New Hampshire spends a dollar for schools the people of the state spend \$5.55 for passenger automobiles and \$2.44 for a few of our luxuries. Does the cost of schools indicate that New Hampshire placed education too high in the scale of values? The same comparisons might be made with income and like results obtained.

Local costs in comparison with other districts of the state offer valuable information. The following table shows the costs to the districts only of the elementary schools of three state-aided and four non-aided districts chosen at random:

	Per \$1,000 of equal valuation	Per pupil average
Fremont	5.08	61.62
Candia	4.52	66.98
Atkinson	6.91	68.65
North Hampton	4.06	96.82

Rochester	4.51	63.30
Mont Vernon	5.13	129.00
Hillsboro (town)	5.99	89.16

These costs all cover the same items and you must note Fremont has favorable position in the tabulation. The three first towns given have the same number of teachers and about the same valuation but the others are larger and more wealthy districts: This is given to show that Fremont is expending no more than others in accordance with its valuation and is offering like opportunities of education with larger places at a greatly less per pupil cost.

TABLES

Kindly examine the tables which follow. They will give you in statistical form much of the data collected during the last school year. In the attendance statistics, you will note desirable advances made in attendance and tardiness. The state average last year was 95.5% and you reached 95.84. To do this means much to me. I am well pleased as I am also in the tardiness record. This latter is now at a minimum. Let us keep it that way.

I am very grateful for you loyal and warm support of the schools. Your continued interest and help is a good omen of future gains and progress in beneficial public schools.

Very respectfully submitted,

HAROLD C. BOWLEY,

Superintendent of Schools.

Epping, N. H., Feb. 5, 1931.

TABLE I—TEACHING STAFF, 1930-31

Name	School	Trained at	Experience
Mrs. Clara Towle	Grammar	San. Sem., '10	10
Mrs. Irene H. Heselton	Primary	Plymouth, '26	4
Blanche Beaulieu	Pine	San. Sem., '22	8
Mrs. Helen P. Seavey	South	Plymouth, '28	2

TABLE II—SCHOOL CALENDAR, 1930-31

Sept. 8 to Dec. 19	Jan. 5 to Feb. 20
(November 11, Nov. 27	March 2 to April 17
Nov. 28—Holidays)	April 27 to end of year

Intervals indicate vacations.

TABLE III—PUPILS NEITHER ABSENT
NOR TARDY, 1929-30

<i>Pupil</i>	<i>Parent</i>
Ethelyn Rock	Leonard Rock
Ida Winsemius	Andrew Winsemius
Alice Beachard	Viola Beachard
Glenville Beachard	Viola Beachard
Edith Hall	Allan Hall
Irene Hall	Allan Hall
Blanche Burleigh	Jesse Burleigh
Winsor Davis	Frank Davis
Phyllis George	Florence George
Clarence Hall	Allan Hall
Henry Lawlor	Henry Lawlor
Thelma McDonald	Minnie McDonald
Ralph Rogers	George Rogers
